America's #1 Travel Radio Show

"It was an extreme pleasure to meet Robert & Mary, and furthermore to be part of their radio show was something like a dream come true! I personally truly enjoyed the opportunity to share with their audience some knowledge and experiences regarding the Panama Canal transit, certainly a bucket list item for every cruiser/traveler nowadays, and a destination that everybody should live once in their lifetime. I'm really happy that we have connected so well with Robert & Mary, maybe because

I'm Greek 😊😊, maybe because they are amazing professionals, with a common shared passion and love for what they do. And this is where the connection comes between Robert, Mary, us, Regent. We are in love with cruising around the world, seeing places, meeting people, luxury service, sharing experiences, savoring different national food tastes, living as international citizens of the cruise world. And we are blessed to be able to do that while we represent the leader of the highest premium and most luxurious name, Regent Seven Seas Cruises.

Our dedicated crew, Robert, Mary, myself — we are considered as members of the same Team, members of a big cruise family. I hope and looking forward for the opportunity to meet you all in person in the near future.

Until then, bye for now...Bridge Out!"

- Captain Aristeidis I. Mertzanis | Master
Regent Seven Seas Grandeur

"It was a joy to see Robert & Mary capture the essence of the Seven Seas Grandeur - a ship that is not just a vessel, but a masterpiece of design and hospitality. Their ability to articulate the 'Heritage of Perfection' to their audience is unmatched. Throughout the live broadcast, their energy and professionalism resonated with our entire team, perfectly mirroring the unrivaled standards we strive for every day. We were honored to have The Careys with their RMWorldTravel radio show on board and truly consider them ambassadors of the luxury travel experience."

- Alessandro Menegazzi | General Manager
Regent Seven Seas Grandeur

"Thank you very much for including me, it was such a fun but at the same time exiting moment for me. I would never imagine I would be on the radio and when the time came, I got nervous realizing that here I was, with you all on the national U.S. airwaves. This was an amazing and happy moment for me. You are both so professional, loving and so dedicated for what you do. This was so wonderful, once again thank you for the opportunity and I look forward to seeing you again."

After an enlightening day in Jamaica with their Minister of Tourism, on Day 5 of RMWorldTravel's big "Let's Go America! Tour" - Miami to Los Angeles that's part of our America 250 celebrations, Robert & Mary returned to the "B-Island" of the ABCs, aka Bonaire. If you're seeking natural beauty in a non-touristy destination, consider Bonaire! 10% of the island's GDP comes from its ample natural salt flats, and most Americans likely have already enjoyed salt from Bonaire since it's produced by Minneapolis based Cargill and brought to the U.S., -- It's considered to be atop the world's purest and highest quality. The Careys will share some of their travels to Bonaire when they broadcast America's #1 Travel Radio Show live from Panama via satellite this Saturday, January 17th from 10a-12p ET across our national network of now 615 weekly stations. Back aboard Seven Seas Grandeur, Robert & Mary spent time with Captain Aristeidis Mertzanis on the Bridge (he will also be joining them live on-air this week) getting a first-hand look at the navigational workings of Regent's newest ship, and they enjoyed a performance in the Constellation Theater of Pasi6n -- a new, original production show that celebrates the passionate Tango with authentic Argentine flair and modern music, designed by Broadway professionals! Tour" to kick-off 2026 by posting a comment on our IG, LI, FB and X @RMWorldTravel pages, or use the "Contact Us" button on the show website @ www.RMWorldTravel.com. More tomorrow

What a special day it's been for Day 10 on RMWorldTravel's big "Let's Go America! Tour" - Miami to Los Angeles. Robert & Mary left Miami back on January 3rd on a trip that supercharges our America 250 coverage this year, and they're traveling between these Top U.S. Cities not by plane, not by train and not by automobile - but instead by sea with show partner, Regent Seven Seas! Today, they're transiting the Panama Canal! This "bucket list" destination is the only place on earth where you can travel by ship over a Mountain, cross a Continent and touch two Oceans in a single day (think about that!). The Careys spent time with the Captain up on the Bridge during this transit, and will share some of that experience and so much more when they broadcast America's #1 Travel Radio Show live from Panama tomorrow, January 17th, from 10a-12p ET via satellite to our now 615 weekly stations across the USA. In fact, Captain Aris Mertzanis will join Robert & Mary live on-set during the broadcast, along with other members of the Seven Seas Grandeur crew - plus you'll hear from Jamaica's Minister of Tourism, get a report on Bonaire and so much more! Don't miss this big show tomorrow to also hear from show friends Lindsey Deutsch (Rock Violinist), Lauren Jelencovich (Soprano Signer) and Anne Madison (CLIA Senior VP) and others... It's Day 12 of RMWorldTravel's big "Let's Go America! Tour" - Miami to Los Angeles that's kicked-off the 2026 broadcast year and our coverage of America's 250 and Robert & Mary are in Costa Rica. But first, yes, the Bronze Bust in the Day 11 post yesterday from Panama is of America's 26th President, Teddy Roosevelt, is located within the Panama Canal Administration Building in Panama City. The facts are without President Theodore Roosevelt - there would be no Panama or Panama Canal!

For Day 12 however, since their travels have been filled with sunshine, Robert & Mary had to work hard to find rain - so they traveled a few hours inland to the Costa Rican Rainforest! What an experience crossing over 3 different suspension bridges and soaring to the treetops of the forest to walk amongst the clouds. Once they returned to Puntarenas where Regent's Seven Seas Grandeur was docked, because a sister ship, Regent's Seven Seas Mariner, was also in port that day -- the Executive Crew of Seven Seas Grandeur arranged for The Careys to board Seven Seas Mariner and see first-hand her recent multi-million dollar renovations/makeover. We'll share more here tomorrow, and also via the Monday-Friday :60 second Travel Commentaries that air across our network stations -- and this Saturday, from 10a-12p ET, Robert & Mary will broadcast the 2-hour weekend version of America's #1 Travel Radio Show live from Cabo San Lucas as their travels continue. Be sure to TuneIn via 1 of our now 615 weekly stations across the USA, or access the "Listen Live" button on the show website. Keep sharing your comments with us using the "Contact Us" tab on the show website as they may be used in the Grand Recap Presentation that will be completed after the tour ends, you can also comment via our @RMWorldTravel social channels on FB, IG, LI and X. #LetsGoAmerica #1TravelRadioShow

rmworldtravel Color! Color! Color! Robert & Mary are getting closer to LA. Today, Day 14 of RMWorldTravel's big "Let's Go America! Tour", they're about 1500 miles away in Puerto Vallarta, Mexico.
